

## **PART II - PETITION**

The Elections Act requires that an application to form a new political party in Nova Scotia include the signatures of at least 25 electors in each of 10 electoral districts.

The civic address of the elector should include the community in which the address is located, so that it can be determined that the Party has achieved 25 signatures in each of 10 different electoral districts.

A qualified elector in Nova Scotia is:

- 18 years of age
- a Canadian citizen or other British Subject  
(citizen of a commonwealth country)
- resident in Nova Scotia for 6 months
- not a returning officer
